Sydney Intermedia Network encourages and promotes the development and critical discussion of innovative film, video, sound and digital media arts in Australia, and exhibits this work to diverse audiences nationally and internationally.

Sydney Intermedia Network is a member of the Australian Screen Culture Industry Association (ASCIA).

SIGGRAPH, the ACM Special Interest Group on Computer Graphics, promotes the acquisition and exchange of information and opinion on the theory, design, implementation and application of computer-generated graphics and interactive techniques to facilitate communication and understanding.
